# Waterfalls and Gold

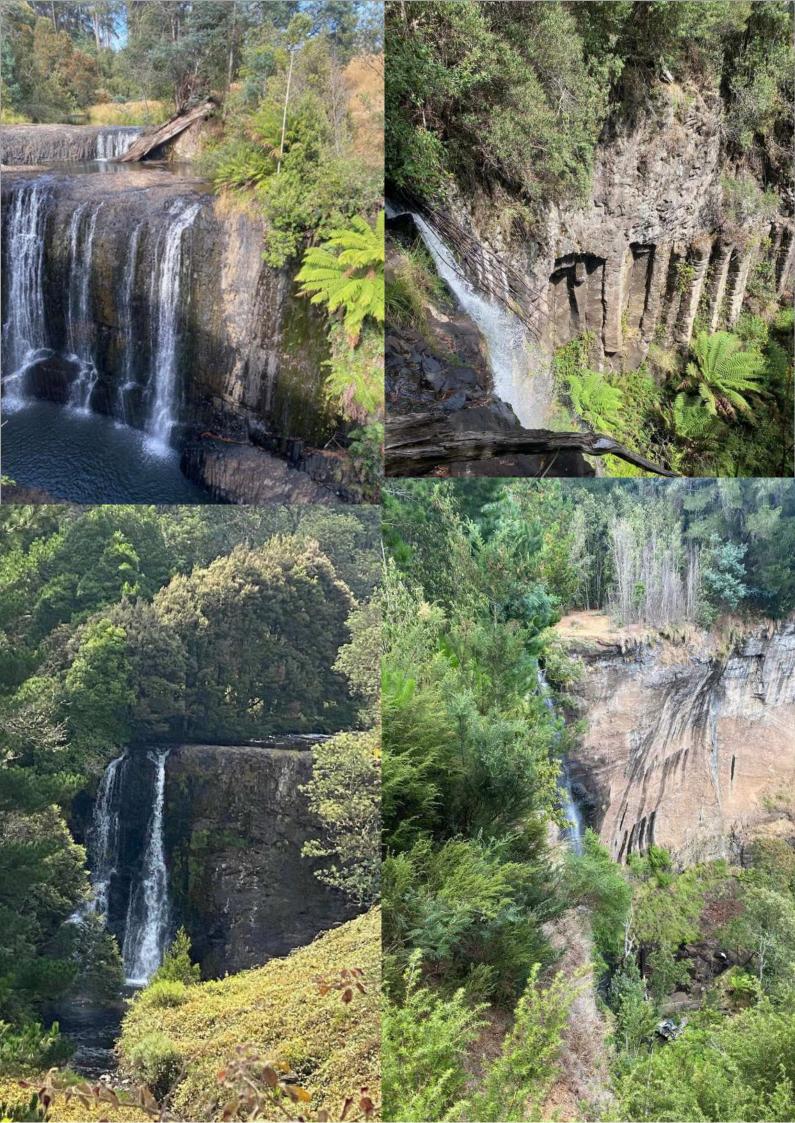

3 patrols 4 cruisers a mighty Lux and 4 runner headed from the Homemakers at 9, in true form Gaz joined in the middle of the group at Ulverstone in his Ranger.

- Picking up the Kerrs in a Cruiser at Burnie we slipped in to Guide falls, the sink hole, St Josephs falls and upper cam falls where we aired down and headed in
- The guests jumped out of their Cruiser and in to Steves 80 series before the scratchy stuff where we all crusied on down the big hill to the not so secret gold panning spot,
- Steve had a 2 storey luxury apartment on the roof so the lead vehicles did an awesome job of sorting any low hangers making it an easy trip in.
- No issues on the way in with everyone getting through without incident.
- A bit of swimming, gold panning, metal detector swinging, Steve Shephard the panner of the day, and a group headed back at @ 5.30 ish, no issues reported getting back out. Thanks Dave Clarke for running the guests back out to their ride.
- Now is where the story starts, Gaz rocked up fashionably late with a car and a 1kg block of cheese and some food for his dog, then deciding to stay the night we found him some tarps, some blankets and he built a lovely lean to shelter, before we fed him.
- Gaz, Ben, Temp/Leon, Garth, Steve/Michelle< Andrew/Leah stayed the night all waking up at 3am to a spectacular Thunderstorm and lightning show that rocked the valley for an hour and half,
- Sprinkling rain in the morning we just chilled under the awnings, in front of the fire, slowly packed and headed out about lunch time.
- A few dramas on the way out with Gaz using his down hill decent mode to maximise traction whilst going up the hill, apparently doesn't work that way then tagging a log with a little dent just in

front of the rear wheel.

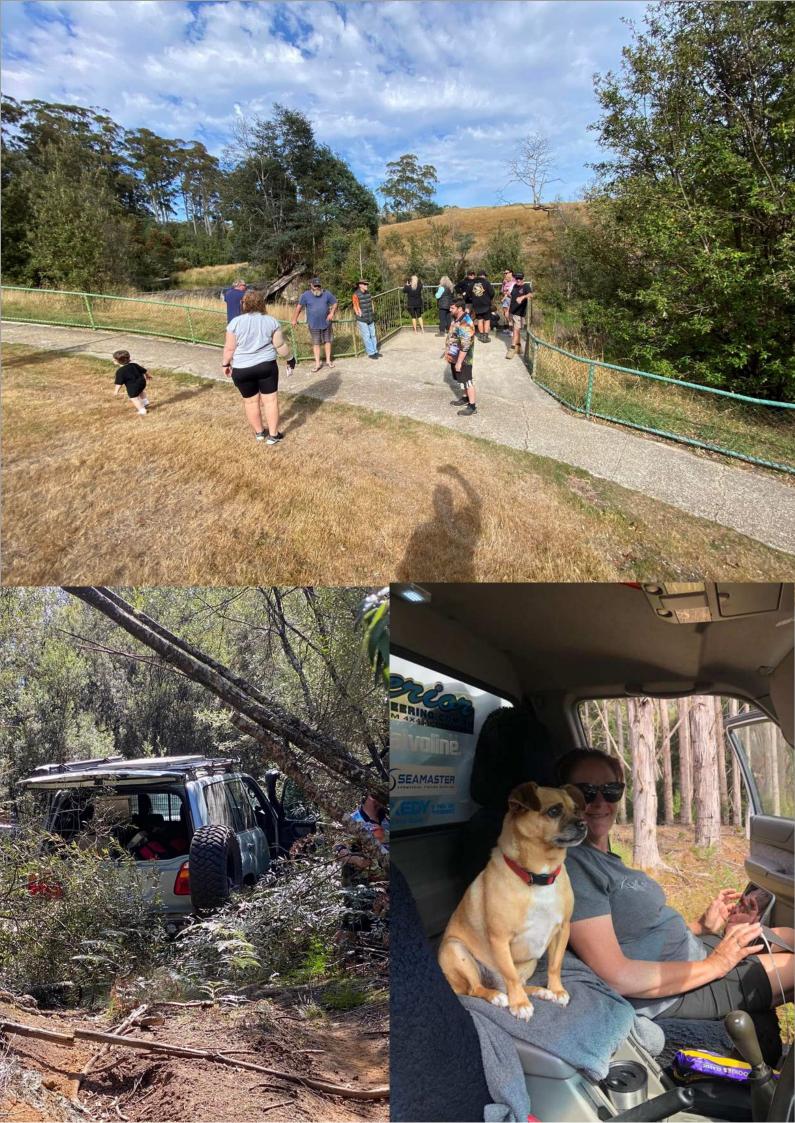

Your one stop pet shop and animal food barn!
Saddlery, Stockfeed, Pets and Pet Supplies,
Fish and Fish Supplies, Fencing and Farming
and Much More!

# Please read this out loud with a David Attenborough voice,

This beast is rarely seen in the wild, this mythological creature has been spoken about for 3 whole years, its muddy colour sees it blend in to its' sorroundings, although if you follow its distinct petrol smell you may just be able to capture a glimpse of the WORRY PATROL
