A MASSIVE shout out to anyone that has had a hand in this, leant a hand, even just tagged along, well done on giving back to the wider community.

I get it, it's rugged out there and
that's why we love it.

But sometimes connectivity is a
matter of life or death.

Why West is Best

Well this trip missed the
October edition but rates
a mention!
Congrats Guys!!

"THE CORNER MAN"

Just a reminder of how the corner man system works. To make sure that we all follow the same track and we don't get lost the good old corner man system has been around a lot longer than we have 😊 Especially with larger groups it is easy for the line to get split up and vehicle lose the direct line of sight of the vehicle in front. The leader of the trip might (hopefully) know where they are going but others may have never been in the area and have no idea of where they are. So..... really simple, starting with the leader, When you get to a junction, or intersection, anywhere that you enter another track, if you have direct sight in your rear mirror of the vehicle behind you, all good, turn the corner, merge, whatever, :) If you don't have sight of the car behind you, stop at the junction and wait until you can see them and then proceed. This way we all end up following the same track.

IM JUST WAITING FOR A MATE

NORTH WEST OFFROAD

Personal Experience, I was having trouble with an insurance claim, around an 8 week wait for a bull bar, a follow up call from NW Offroad (our very own young Steve) and I will now have a flash new bull ready for Fraser Island this year :)
